Symposium #356 "New frontiers in Bioinorganic Chemistry"

POSTER AWARD

The selection committee for the poster award of Symposium #356 has selected two poster awards by impartial selection. I am greatly pleased to announce that the winners of the award are as follows:

No. 755, [Mai Miura](#) (Tokyo Institute of Technology, Japan)  
"Effect of 5-aminolevulinic acid on cytochrome P450-based  
prodrug activation"

No. 762 [Yeong-Eun Kim](#) (KAIST, Korea)  
"Carbon dioxide activation inspired by the CODH active site"

CSO of Symposium #356  
Motowo Yamaguchi  
Tokyo Metropolitan University
