Glasgow, UK**

**December 12 to 14, 2019**

## INVITATION

Dear Colleagues,

The 26th International SPACC (The Society of Pure and Applied Coordination Chemistry) Symposium will be held at The University of Glasgow, Scotland, UK from December 12 to December 14, 2019. The International Advisory and Organizing Committee cordially invite you to attend the symposium and participate in its scientific and social programs. The main theme of the symposium will be “Metal Complexes Toward a Green and Sustainable Future.” The symposium will focus on greener processes using unique metal complexes and sustainable development toward new functional materials, as well as basic research on organic, inorganic, and biological chemistry for future inventions.

As with previous SPACC Symposia, it is intended that this Symposium will provide a platform for young scientists to exchange scientific information among themselves and with the selected leading scientists. This series of symposia was initiated in Tokyo about a quarter century ago by the SPACC fellow Prof. Yano, and has been held annually at different venues around the world. It is our great pleasure to host this 26th Symposium in Glasgow, Scotland.

Presentations will consist of four categories – plenary lectures, invited lectures, oral presentations, and poster presentations. Prizes will be awarded for the best presentations, especially for those given by students. The International Advisory and Organizing Committee hope all registrants will present a paper, but acceptance of papers will be at the discretion of the Committee. The official language of the symposium will be English.

In the following pages, you will find details concerning the Symposium. We look forward to meeting you in Glasgow, Scotland, UK.

Title of the presentation: Author’s Name(s): Affiliation(s):

Address:

Presenter:

Grade (if the presenter is a student):

Student Award (Lecture, Poster, or not apply):

E-mail:

Registrations will only be made via e-mail (hideki-hassy@kwansei.ac.jp).

## **ORAL PRESENTATIONS:**

Abstracts should be prepared according to the Abstract Preparation Guidelines described below. Authors can download the abstract template from the website (<http://spacc.gr.jp>). The abstract should be sent via e-mail ([hideki-hassy@kwansei.ac.jp](mailto:hideki-hassy@kwansei.ac.jp)) to Hideki Hashimoto with “Presentation for SPACC26” as the subject, and “your name” as the file name. Only Acrobat PDF files will be accepted. The deadline for abstract submission is **August 31**. Authors will be informed within a week if their contribution has been accepted for a poster presentation rather than an oral presentation. Standard facilities for PC presentations will be available at the Symposium site.

## **POSTER PRESENTATION:**

Poster presentations will be very welcome as well. Authors should submit the same information (including an abstract) as listed for oral presentations above by the same deadlines. The poster presentation session will be held during the afternoon of Friday, **December 13**, 2019. However, all the posters will be placed on the viewing boards from Thursday, December 12, 2019, morning and will therefore be available for viewing during coffee breaks and lunch time throughout the duration of the conference. A poster space (approximately 90 cm wide, 160 cm high) will be available.

## **ABSTRACT PREPARATION GUIDELINES**

1. The abstract should be submitted in English, the official language of the symposium.
2. As the submitted abstract will be printed and reproduced directly without any editing, special care should be taken to ensure high quality of text and diagrams.
3. Authors can download the abstract template from the website (<http://spacc.gr.jp>).
